

Memories

Memories are all I have left now
Now that you've gone away
I look at pictures of you
Every single day

It's not right for a mom to bury her son
But it's happened and now it's done
You know I loved you & I know you loved me
So, I look around and wonder - how can this be

It's hard to believe you're really not here
You were so trusting, you didn't know fear
I miss you more as the days go by
Sometimes I look forward to the day I die

Memories are nice, but I'd rather have you
To have you back, - oh what I would do
I'd give my life - to let you live yours
Unlike you, I've gone through several doors

I miss you Jarret with all my heart
This is destroying me - it's ripping me apart
I try to be strong for those around me
So as I cry - I try to cry privately

When asked how I'm doing - I just say okay
What they don't know is how I hurt each day
I'll never be alone - I'll always have memories of you
But I miss and love you deeply Jarret, I sincerely do
